

The Regis

from AJC Retail

ULTIMATE FLEXIBILITY Suitable for all applications and caterers.

This range is manufactured in 15mm Dry Freight Board, which is a bonded GRP faced panel. This is extremely durable and represents AJC Retail outstanding build quality and specification at extremely competitive prices.

Our trailers are constantly being enhanced and improved to incorporate the latest designs and construction techniques.

Regis trailers range between 8' / 2.44m and 14' / 4.26m in length and are 6'6" / 2m wide. Available with a massive options list, the Regis range of trailers is extremely versatile and the key to your success in mobile catering.

VISUALISE YOUR TRAILER

The design process is critical to taking your ideas to reality. The design and layout of your unit and selection of appropriate equipment are critical to your business success.

Once we have a clear understanding of your needs, we will provide you with a line by line quote along and discuss the potential layout of your unit.

Once the order is finalised, we can then produce a 3D drawing giving you detailed information for your approval, along with presentation visuals if desired.
