

The Market Trader

from AJC Retail

Huge catering potential from a small fold-up trailer.

The Market Trader range of trailers allows vending at ground level in a compact space but with all versatility of a conventional catering trailer. Although small in size the Market Trader is big in specifications. Manufactured in lightweight 5 element insulated 36mm GRP panels, galvanised chassis, braked and heavy duty aluminium trim the Market Trader represent excellent quality. With the practical rear awning option the Market Trader can be used in all weather conditions and is easy to set up once on site.

The Market Trader is built in lengths of 6', 8', 10', 12' and is 4' wide with external wheels or 4'6" with under slung wheels. Available with a massive options list, the Market Trader is extremely versatile and the key to your success in mobile catering at very competitive prices.

The Market Trader

Huge catering potential from a small fold-up trailer.

VISUALISE YOUR TRAILER

The design process is critical to taking your ideas to reality. The design and layout of your unit and selection of appropriate equipment are critical to your business success.

Once we have a clear understanding of your needs, we will provide you with a line by line quote along and discuss the potential layout of your unit.

Once the order is finalised, we can then produce a 3D drawing giving you detailed information for your approval, along with presentation visuals if desired.
